Parish Health Notes

Can we become the healthiest nation? Did you know??...

- ⇒ Americans live shorter lives and suffer more health problems than peers in other high-income countries.
 - ⇒ Americans rank 34th in life expectancy.
 - ⇒ And we perform poorly on most measures of health, from infant mortality to obesity and chronic disease.
 - ⇒ Nearly 50% of Americans suffer from preventable, chronic disease, yet only 3% of health care spending is on prevention and public health programs.
 - ⇒ Americans are overfed and under nourished.
 - ⇒ Americans eat the most calories and 2/3 are overweight or obese.
 - ⇒ 37% of U.S. adults eat vegetables less than once a day.
 - ⇒ 16 million children go to sleep hungry.
- Together, we can change this.

Creating the healthiest nation requires making healthy choices as individuals and as a society. For more information, www.apha.org.

Q

Why do some dioceses move holy days, or not even celebrate them at all. Does everyone do the same thing?

The short answer is no, not everyone does the same thing. Although the church is universal, there are many local customs and saints that each country, sometimes just a region, will honor. For example, feast days and patronal days may not be major feast days on the church's universal calendar, but are celebrated as such in one place. Holy days of obligation are the same way. The US Conference of Catholic Bishops has a certain amount of discretion in choosing days which best reflect the local church's experience and history.

A

Another reason certain feasts are moved is a practical one. With limited clergy, or a great difficulty for people to get to Mass, the feast day may be transferred to a Sunday. The rationale is that if a significant feast should be part of the church's celebration, then better to do so on a Sunday when people and clergy are available, rather than try to fit it on a day when one or both cannot be there.

Christmas and Immaculate Conception are always observed as days of obligation. In the USA we celebrate six holy days of obligation. There are also other special days and they are ranked, in order of importance as solemnity, feast, memorial and optional memorial.
