Parish Health Notes - 10 Benefits of Walking

What's not to like about walking? It's free. It's easy to do, and it's easy on the joints. And there's no question that walking is good for you.

1. Walking improves circulation. It also wards off heart disease, brings up the heart rate, lowers blood pressure and strengthens the heart.
2. Walking shores up your bones. It can stop the loss of bone mass for those with osteoporosis.
3. Walking leads to a longer life.
4. Walking lightens mood. Walking releases natural pain killing endorphins to the body.
5. Walking can lead to weight loss. A brisk 30-minute walk burns 200 calories.
6. Walking strengthens muscles. It tones your leg and abdominal muscles - and even arm muscles if you pump them as you walk.
7. Walking improves sleep.
8. Walking supports your joints.
9. Walking slows mental decline. Studies found that age-related memory decline was lower in those who walked more.
10. Walking helps you do more, longer. Aerobic walking and resistance exercise programs reduce the incidence of disability in the activities of daily living of people who are older than 65. www.arthritis.org.

When Morning Comes

An unknown author has written: "There are only two kinds of people in the world. There are those who wake up in the morning and say, 'Good morning, Lord'; then there are those who wake up in the morning and say, 'Good Lord, it's morning.'"

Q Why don't Catholics add the "For yours is the Kingdom..." prayer at the end of the Our Father like the Protestants do? Where did it come from?

A

The conclusion of the Lord's Prayer that you refer to is called a doxology, which is a prayer of glory and praise. This particular doxology we do use in the Mass. After the Our Father, the priest prays the prayer that begins, "Deliver us, Lord, we pray, from every evil..." and the people respond with the doxology. The doxology is not found in the Bible, in either Matthew 6:9-13 or Luke 11:2-4, but it is very ancient. It was first found in *The Didache*, also called "The Teaching of the Twelve Apostles," which dates probably from about the year AD 90. It was a letter of instruction to early converts to Christianity. Protestantism dates only to the sixteenth century, so the doxology is actually a Catholic prayer. Some scholars and the catechism (# 2760) indicate that the doxology was connected to the celebration of the Eucharist and was not used apart from it.

Remember, both the Lord's Prayer and the Eucharist were part of the "mysteries of faith," things taught only to believers. Ironically, a remnant of a prayer used during the celebration of the Eucharist has come to be used widely by many Christian churches that do not celebrate the Eucharist! Truth is stranger than fiction!
